Report Explanatory Notes Page

This report presents data that is aggregated and is a snapshot in time.

Aggregated means that it is summed up to a particular level and certain calculations have been performed at that level.

Also, this data is a snapshot of the "live" data on the database as of a certain date. On the report, the date of aggregation is labeled AS OF. This is the date through which the data was last aggregated. Even though the process to aggregate the data may have been done two weeks later, the AS OF date represents the cut-off date for the data that was to be included in that aggregation.

The user may only put in values for either the CIN or the CIN PREFIX parameter along with the other parameters. The user cannot put in both -- only one or the other.

Abbreviations used in this report:

PLAN AOB = Planned AOB

DYNQ AOB = Dynamic AOB

AAOB = Activity Average On Board -- is the total for the six AOB categories AI, UI, II, AT, HL, and HM

AI = Awaiting Instruction

UI = Under Instruction

II = Interruption of Instruction

AT = Awaiting Transfer

HL = Hold Legal

HM = Hold Medical
